

Cumberland Char Vent-free

Cumberland Char is Hargrove's latest Vent-free offering, featuring wonderfully detailed refractory logs, for unmatched realism and beauty in a highly efficient log set. Cumberland Char uses our new Ember-Trio burner system, and is offered in three sizes, 18", 24" and 30", with maximum BTU ratings of 30,000 (18" size), or 35,000 (24" & 30" sizes) BTU's, in natural gas, and 27,000 (18" size), or 31,000 (24" & 30" sizes) BTU's, in liquid propane configuration. Available with manually operated safety pilot control or variable flame height system.
