## VENT-FREE COLLECTION

## PREMIUM GAS LOG SETS

### This is the Magic Hour....

Families gathering together to share moments, capturing the beauty and glow of the world we live in. During the chill of the season, these moments are captured around the comfort of a fireplace. For over 50 years, Real-Fyre Gas Logs have been there sharing the best of these experiences with you.

The Vent-Free Collection offers gas log sets that bring the splendor and warmth of a wood fire without the need for venting your fireplace. Hand crafted logs in a variety of styles, active natural flames and glowing embers magnify the beauty of your hearth. With 99% heating efficiency, these sets operate using less gas, saving your energy dollars. ANSI certified for natural or propane gas; the Vent-Free Collection is equipped with an Oxygen Depletion Sensor for safe operation. A variety of controls, from manual to thermostatic remote, make using your gas logs simple.

The Real-Fyre Vent-Free Collection is approved for use in a solid-fuel burning fireplace, certain universal approved vent-free fireplaces and specifically approved vent-free fireplaces.

## G18 SERIES

The Evening Fyre and the Evening Fyre Split log sets are featured on the advanced G18 vent-free burner system. The logs are sculpted and hand-painted with distinctive charring on the front log, mimicking a wood fire. The dramatic ember bed, with Bryte Coals, add to the warmth and beauty of the log set.

The G18 Series is available for Natural or Propane gas in 16/18", 24" and 30" sets, with variable BTU ratings from 25,000 to 36,000 for Natural Gas or Propane Gas. See-thru sets are also available in 16/18" and 24" sizes.

## G10 SERIES

Featuring the popular burnt through front log, the G10 Series is available in three attractive log styles; Charred Frontier Oak, Charred Aged Split Oak (both ceramic refractory log sets) and Charred Trail Oak (ceramic fiber log set). Lively flames and large ember bed with Bryte Coals highlight the handcrafted logs, adding efficient heat and unmatched beauty to your fireplace.

The G10 Series is available for Natural or Propane gas in 16"/18", 24" and 30" sets, with variable BTU ratings from 17,000 to 37,000.
